Work History

2023
Vyrox Technologies Pvt Ltd
Senior Developer

- Reviewed code and provided constructive feedback, promoting adherence to coding standards.
- Collaborated with stakeholders to align project requirements with business goals.
- Championed the adoption of agile methodologies for optimized project timelines.
- Led teams to ensure efficient progress, implemented robust security practices for data integrity, and authored optimized, SEO-friendly code.
- Led end-to-end development lifecycles, including conceptualization, design, testing, and deployment, while providing expert guidance on mobile app development in Flutter, and successfully managing diverse projects in Laravel, PHP, and React JS

2022-2023
Qrolic Technologies
Web Developer

- Proficiently developed back-end components, creating seamless connections between applications and web services
- Demonstrated expertise in PHP frameworks such as Laravel and CodeIgniter for effective web development.
- Specialized in CMS website development, excelling in custom Theme and Plugin Development.
- Led comprehensive end-to-end design and development of web projects, prioritizing REST API integration, and executed secure, streamlined project deployments to servers using SSH for efficient and reliable delivery

2021-2022
Guzty Accerons Pvt Ltd, Ernamkulam, India
Full Stack Developer

- Demonstrated expertise in full-stack development, proficiently managing both front-end and back-end technologies for the creation of robust, scalable applications.
- Developed responsive and user-friendly interfaces using HTML, CSS, and JavaScript frameworks like React.js, with a focus on enhancing the overall user experience.
- Showcased strong back-end development skills, particularly in PHP, Laravel, and CodeIgniter, and designed and implemented RESTful APIs to ensure seamless communication between front-end and back-end components.
- Directed Guzty's full-cycle development, implementing strategic features for a seamless marketplace, including vendor onboarding, menu management, secure payment integration, and customer loyalty programs
